### **DETAILED ACTION**

1. The Art Unit location of your application in the USPTO has changed. To aid in correlating any papers for this application, all further correspondence regarding this application should be directed to Art Unit 2615.

2. Claims 26-27 and 38-40 have been cancelled. Claims 1-25, 28-37, and 41-42 are pending and are addressed in this office action.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-25, 28-37, and 41-42 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

5. Claim 1 recites, "determining whether the number exceeds a value". The term "predetermined value" is suggested as a given number will always exceed some value.

6. Claim 1 recites, "the number" in the last 2 indents. "The number of instances" is suggested to clarify the statements.

Art Unit: 2615

7. Claim 1 recites, "determining a number of instances in which the comparative indicator of the power of the sound includes a predetermined comparison". The comparative indicator appears to be a numerical value. It is unclear if the "predetermined comparison", is a numerical value or is intended to describe the analysis used to determine the comparative indicator. Perhaps "includes a predetermined result" could be used.

8. Claims 17, 24, 25, 28, 31, and 34-40 are rejected in an analogous manner.
